HELPFUL HINTS for Students Voting from Abroad

Follow Up. About two weeks after you mail the registration/ballot request, contact your local election official to make sure they've received and processed your request.

You Have Options. Depending on your state, you may be able to transmit your Voter Registration/Ballot Request online, by mail, and/or by email. To see your options, go to Overseas Vote (overseasvote.org) - click on “State Voting Requirements”, enter your state and county, and scroll down to “Voter Materials Transmission Options.”

Paper is Better. We recommend receiving your ballot by mail. It's already printed and comes with a return envelope and all you have to do is fill it and mail it back. You can select this option when you complete your Voter Registration/Ballot Request form.

Find Your Date. Every state has different deadlines for ballot request, registration, and return. Check yours now! Go to Overseas Vote (<http://www.overseasvote.org>) - click on on “Election Dates and Deadlines”.
